Lawful, fair and transparent data processing

HWu3a requests personal information from potential members and members for membership applications and for sending communications about their involvement with HWu3a. The forms used to request personal information will contain a privacy statement informing potential members and members as to why the information is being requested and what the information will be used for. The lawful basis for obtaining member information is due to the contractual relationship that HWu3a has with individual members. In addition, members will be asked to provide consent for specific processing purposes. HWu3a members will be informed as to who they need to contact should they wish for their data not to be used for specific purposes for which they have provided consent. Where these requests are received they will be acted upon promptly and the member will be informed as to when the action has been taken.

Processed for specified, explicit and legitimate purposes

Members will be informed as to how their information will be used and the Committee of HWu3a will seek to ensure that member information is not used inappropriately. Appropriate use of information provided by members will include:

- Communicating with members about HWu3a events and activities

HWu3a will ensure that Group Leaders are made aware of what would be considered appropriate and inappropriate communication. (Inappropriate communication would include sending u3a members marketing and/or promotional materials from external service providers.)

HWu3a will ensure that members' information is managed in such a way as to not infringe an individual members rights which include:

- The right to be informed
- The right of access
- The right to rectification
- The right to erasure

Adequate, relevant and limited data processing

Members of HWu3a will only be asked to provide information that is relevant for membership purposes. This will include:

Where additional information may be required, such as health related information, this will be obtained with the consent of the member who will be informed as to why this information is required and the purpose that it will be used for.

Where HWu3a organises a trip or activity that requires, or where we suggest, emergency contact information be provided, a form requesting the member's consent should be completed in order to document the information and the member's signature, unless they have already provided this within the Beacon system. For trips or activities where this information is not a defined requirement of the trip then the giving of this information is optional and at the member's discretion.

Photographs

Photographs are classified as personal data. Where group photographs are being taken members will be asked to step out of shot if they don't wish to be in the photograph. Otherwise, verbal consent will be obtained from members before photographs are taken and members will be informed as to where photographs will be displayed. Should a member wish at any time to remove their consent and to have their photograph removed, then they should contact HWu3a to advise that they no longer wish their photograph to be displayed.

Accuracy of data and keeping data up-to-date

HWu3a has a responsibility to ensure members' information is kept up to date. Members can either inform the Membership Secretary or log into the Beacon management system if there are any changes to their personal information. In addition, on an annual basis, the membership renewal process will provide a reminder for members to inform HWu3a as to any changes.

Accountability and governance

The u3a Committee are responsible for ensuring that the u3a remains compliant with data protection requirements and can supply evidence that it has. Where consent is required for specific purposes then evidence of this consent (either electronic or paper) will be obtained and retained securely. The u3a Committee will ensure that new members joining the Committee receive an induction into the requirements of GDPR and the implications for their role. HWu3a will also ensure that Group Leaders are made aware of their responsibilities in relation to the data they hold and process. Committee Members shall also stay up to date with guidance and practice within the u3a movement and shall seek additional input from the Third Age Trust National Office should any uncertainties arise. The Committee will review data protection and who has access to information on a regular basis as well as reviewing what data is held. When Committee Members and Group Leaders relinquish their roles, they will be asked to either pass on data to those who need it and/or delete data.

Secure Processing

HWu3a Committee Members have a responsibility to ensure that data is both securely held and processed. This will include:

- Committee Members and Group Leaders using strong passwords

- Committee Members and Group Leaders not sharing passwords
- Restricting access of sharing member information to those on the Committee who need to communicate with members on a regular basis
- Using password protection on laptops and PCs that contain personal information
- Using password protection or secure cloud systems when sharing data between Committee Members and/or Group Leaders
- Paying for firewall security to be put onto Committee Members' laptops or other devices

Subject Access Request

u3a members are entitled to request access to the information that is held by HWu3a. The request needs to be received in the form of a written request to the HWu3a Membership Secretary. On receipt of the request, the request will be formally acknowledged and dealt with expediently (the legislation requires that information should generally be provided within one month) unless there are exceptional circumstances as to why the request cannot be granted. HWu3a will provide a written response detailing all information held on the member. A record shall be kept of the date of the request and the date of the response.

Data Breach Notification

Were a data breach to occur action shall be taken to minimise the harm. This will include ensuring that all HWu3a Committee Members are made aware that a breach has taken place and how the breach occurred. The Committee shall then seek to rectify the cause of the breach as soon as possible to prevent any further breaches. The Chair of HWu3a shall contact National Office within 24 hours of the breach occurring to notify of the breach. A discussion will take place between the Chair and National Office as to the seriousness of the breach, action to be taken and, where necessary, the Information Commissioner's Office would be notified. The Committee shall also contact the relevant u3a members to inform them of the data breach and actions taken to resolve the breach.

Where a u3a member feels that there has been a breach by HWu3a, a Committee member will ask the member to provide an outline of the breach. If the initial contact is by telephone, the Committee member will ask the u3a member to follow this up with an email or a letter detailing their concern. The alleged breach will then be investigated by members of the Committee who are not in any way implicated in the breach. Where the Committee needs support or if the breach is serious they should notify National Office. The u3a member should also be informed that they can report their concerns to National Office if they don't feel satisfied with the response from the u3a. Breach matters will be subject to a full investigation, records will be kept and all those involved notified of the outcome.
